2023 Provision Guide – North Essex

Employability & Skills Team

A guide to support a young person's next steps.

The purpose of this guide is to give you an overview of the options for post-16 provision in your local area. Delivery and availability of the opportunities listed may change.

Many of you will expect to achieve the grades needed and will be staying in your school sixth form, have secured a place at college, or have a start date agreed for an apprenticeship. If you do not have any firm plans in place, then please read on:

Planning

When considering your next steps, it can seem confusing as there are so many options to choose from. Whether you are looking at further education, apprenticeships, work or training, we recommend that you research thoroughly.

There are several websites listed in this resource which can help you to explore courses and careers. In addition, it is important to identify existing skills as well as your hobbies and interests to help you when considering your options.

You could also speak with school or college staff, careers advisers and family networks to help you to make a strong choice. Remember to have a backup plan.

Extension to Child Benefit

If you are a school or college leaver, under 18, unemployed and do not have a course or training programme to start in September 2023, your parent/carer may be entitled to claim Extension to Child Benefit. There is a time limit in which you can register your claim. For more information contact the **Employability and Skills Team** on **0800 707 6384**, and we can put you in touch with a local adviser for advice and guidance.

College and Further Education options

If you have not already applied, then we suggest that you make applications quickly as some providers have deadlines early in the academic year. There are broadly two different types of college course:

Academic Courses (e.g. A Levels/ International Baccalaureate)

Usually involves studying multiple subjects. This may provide increased progression options at the end of the course.

- Assessment is usually weighted towards exams with less emphasis on continuous assessment.
- Entry Criteria: Typically, applicants will be expected to achieve at least five GCSEs at grades 9 to 4. The specific requirements vary across schools and colleges.
- Some schools and Sixth Form Colleges may offer GCSE resit options for young people that have narrowly missed out on GCSE grades.

YOUTH SERVICE

Vocational Courses (e.g. BTECs/T Levels/NVQ/CACHE)

Vocational courses are typically designed around a specific industry/ occupation.

Courses usually range from Level 1 and go up to Level 3 and higher.

Vocational courses are an opportunity to specialise early in a subject that interests you.

It often means studying one main subject (some schools and colleges allow you to blend academic and vocational options).

If you have not achieved Grade 4 in GCSE Maths or English, you will be required to complete these qualifications alongside your main course.

Sixth Form & College options for summer 2023

For more information about course availability, application procedures, open events and entry requirements, please contact the establishment directly.

Apprenticeships

What is an Apprenticeship?

An apprenticeship gives you the opportunity to gain work experience, a qualification and earn a wage at the same time.

Apprenticeships are available from Level 2 (equivalent to GCSE 9–4) all the way up to Degree level in some occupational areas.

Foundation Learning Programmes

Foundation Learning providers offer English and Maths qualifications often alongside vocational elements to help improve your skills and get you ready to undertake an apprenticeship opportunity. This option often is usually accepted as approved training.

*Some Foundation Learning courses may have restrictions due to funding. Check with the provider when making your enquiries.

Build Skill, Colchester

www.buildskill.co.uk

Build Skill is a new Bricklaying Academy and Construction Training Centre in Colchester, learners aim to complete a City & Guilds Certificate in Construction Level 1 - Bricklaying and also offer Level 2 apprenticeships in bricklaying.

This course includes both practical and knowledge-based sessions allowing our learners to begin their career within the construction industry.

We welcome young people aged 16-18 to help them gain experience, knowledge and qualifications alongside a work experience placement for a hands-on real-life experience. To enable our learners to progress in the sector we support the achievement of their CSCS card.

Build Skill also provide both group and individualised remote learning support in Maths and English, this is determined by the needs and previous attainment of the young person.

YOUTH SERVICE

In addition, employability skills sessions will support job readiness and provide the tools for successful job searches as we have a number of companies linked to our programme looking to support the new generation of construction workers.

Build Skill is part of the Fisher Services Group with our mission statement “Building for Today, Training for Tomorrow” we are committed to grow our own talent and provide a succession plan to the wider construction industry.

Therefore, we have opportunities and encourage those who complete our 18-week course to apply for employment within the group and our wider client base.

For more information on next programme start date, please contact:

Julie Skerritt: **01206 693153**

or email: info@buildskillplus.co.uk

Central Training Group

www.centraltraininggroup.com

Online Functional Skills – These cannot be taken as a ‘stand-alone’ offer but can be paired with one of their online courses – there are quite a few options to choose from.

For more information, please email:

courseenquiries@centraltraininggroup.com

or telephone: **0800 783 2901**

Nova Training – Colchester & Clacton

www.novatraining.co.uk

Focussing on improving English and Maths up to level 1, 2 or GCSE if needed, this programme offers 16-18-year olds the opportunity to gain work experience, apprenticeship opportunities and support into employment.
