

STUDY OPTIONS

APPRENTICESHIP

An apprenticeship is designed to give you all of the core knowledge and skills you need to start your career in hairdressing or barbering. While no previous experience is necessary, creative flair, great communication skills, reliability and the ability to work well in a team will be a distinct advantage. On average the apprenticeship will last 18-24 months during which you will be employed for minimum 30 hours a week and will earn while you learn.

COLLEGE BASED STUDY

Study programmes are built around the needs of individuals and offer the perfect opportunity to give you the skills you need for your dream job in hairdressing or barbering. The 12 month study programme involves two days a week of college study accompanied by industry related work experience to support your progress into further education or employment.
