2025 Provision Guide – Mid Essex

Employability & Skills Team

A guide to support a young person's next steps.

The purpose of this guide is to give you an overview of the options for post-16 provision in your local area. Delivery and availability of the opportunities listed may change.

Many of you will expect to achieve the grades needed and will be staying in your school sixth form, have secured a place at college, or have a start date agreed for an apprenticeship. If you do not have any firm plans in place, then please read on.

Planning

When considering your next steps, it can seem confusing as there are so many options to choose from. Whether you are looking at further education, apprenticeships, work or training, we recommend that you research thoroughly.

There are several websites listed in this resource which can help you to explore courses and careers. In addition, it is important to identify existing skills as well as your hobbies and interests to help you when considering your options.

You could also speak with school or college staff, careers advisers and family networks to help you to make a strong choice. Remember to have a backup plan.

Still unsure?

Where possible, speak with the Careers Adviser at your school or college for guidance on subject choices and career paths.

From Monday 30th June: If you are aged 16–18, do not have access to a school or college Careers Adviser, and do not have a firm plan for September, please get in touch.

Employability and Skills Team

Extension to Child Benefit

If you are a school or college leaver, under 18, unemployed and do not have a course or training programme to start in September 2025, your parent/carer may be entitled to claim Extension to Child Benefit. There is a time limit in which you can register your claim. For more information and to apply for an extension please call:

HMRC Child Benefit General Enquiries on 0300 200 3100 or visit:

www.gov.uk/child-benefit-16-19

YOUTH SERVICE

College and Further Education options

If you have not already applied, then we suggest that you make applications quickly as some providers have deadlines early in the academic year. There are broadly two different types of college course:

Academic Courses (e.g. A levels/ International Baccalaureate)

Usually involves studying multiple subjects. This may provide increased progression options at the end of the course.

- Assessment is usually weighted towards exams with less emphasis on continuous assessment.
- Entry Criteria: Typically, applicants will be expected to achieve at least five GCSEs at grades 9 to 4. The specific requirements vary across schools and colleges.
- Some schools and Sixth Form Colleges may offer GCSE resit options for young people that have narrowly missed out on GCSE grades.

Vocational Courses (e.g. BTECs/T Levels/NVQ/CACHE)

Vocational courses are typically designed around a specific industry/occupation.

Courses usually range from Level 1 and go up to Level 3 and higher.

Vocational courses are an opportunity to specialise early in a subject that interests you.

It often means studying one main subject (some schools and colleges allow you to blend academic and vocational options).

If you have not achieved Grade 4 in GCSE Maths or English, you will be required to

complete these qualifications alongside your main course.

Sixth Form & College options for summer 2025

For more information about course availability, application procedures, open events and entry requirements, please contact the establishment directly.

Apprenticeships

What is an Apprenticeship?

An apprenticeship gives you the opportunity to gain work experience, a qualification and earn a wage at the same time.

Apprenticeships are available from Level 2 (equivalent to GCSE 9-4) all the way up to Degree level in some occupational areas.

For current information on local vacancies and further support, please visit:
